## LED INDUSTRIAL BATTEN LIGHTS

Developed for use in areas commonly fitted with 2 x 58W fluorescent fittings.

Widely used in commercial and industrial food manufacturing areas. The battery model ensures worker safety is enhanced by a separate driver running the luminaire at 20W during a power cut to ensure some light is available.

### FEATURES :

- IP65 – waterproof, Dustproof, corrosion-proof, chemical resistant.
- >50,000 hours Lifespan.
- High 5400 Lm output

### TECHNICAL SPECIFICATIONS

Fixture/Part No.	LED5FT-60AC
LED Sources	60W SMD LED Chips
Total Power	60W
LED Lumens	5400lm
LED Lighting Efficiency	90lm/w
Colour Temperature	(CW) Cool White = 6000K
Colour Rendering(Ra)	>75
IP Rating	IP65
Life Span	50,000hrs
Operation Temperature	-20°C to 50°C
Construction / Materials	Chemical / heat resistant Advance Polymer Body & Lens Aluminium Gear tray
Weight	4kg
Dimensions	1570x135x95mm
Dimmable	No
Power factor	>0.9
Input Voltage Range	100-240 V AC
Warranty	3 years

### IDEAL FOR:

- Supermarkets
- Retail stores
- Exhibition halls
- Parking
- Office buildings
- Libraries
- Schools
- Tunnels
- Public transport stations
- Factories
- Warehousing

SDOC is available on our website

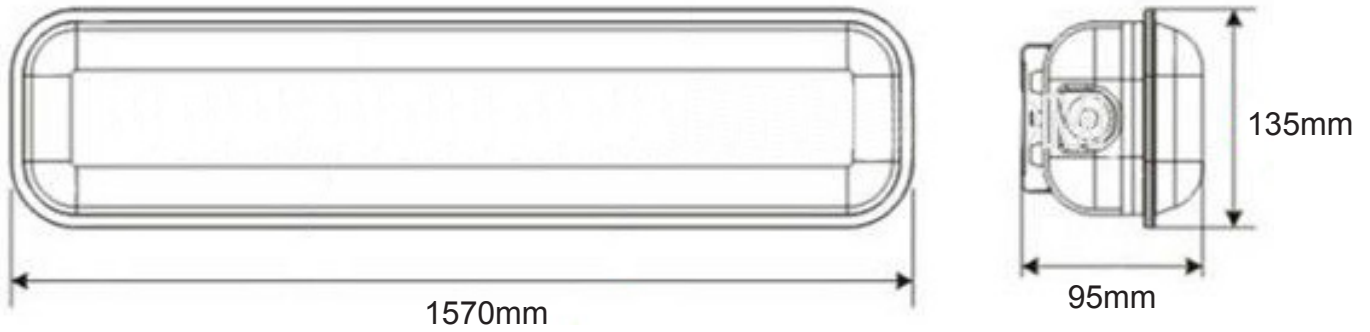

CAT NO.	Fixture Lumens	Power	Battery
LED5FT-60AC	5400	60W	No
LED5FT-60ACBATT	5400	60W	Yes

#### Notes:

- Other colour temperatures available on special order
- Clear Lens available on special order
