

LED ECONOMY PANEL LIGHTS

The LEDOPL series of LED troffers is economical and low-glare (UGR <19). At only 11mm in depth an LEDOPL can fit into the tightest of ceiling cavities with ease. Multiple mounting and dimming options are available. A high output (HO) 60W version is available for higher ceilings and retail areas.

IDEAL FOR:

- Offices
- Educational facilities
- Amenity lighting
- General workspaces
- Retail areas
