INDUSTRIAL LED HIGH BAY LIGHT – 180W

This lightweight 180W LED high bay is easy to install and simple to adjust light angle once installed.

The perfect high bay light for applications like factories, gyms, wharves, advertising boards, buildings, parking lots and other places where a wide range of lighting is needed. Urban landscapes, engineering machinery and other places where highbays are needed.

TECHNICAL SPECIFICATIONS

Total Power	180W
LED Power	180W
LED Chip Lumens	21,600lm
LED Chips	LM80 3030
Fixture Lumens	19,455lm
Efficiency	>108lm/W
Colour Temperature	NW = 4000K CW = 5000K
Colour Rendering Index	Ra 70
IP Rating	IP65
Life Span	50,000 hours
Operating Temperature	-25°C ~ +45°C
Control	Fixed/1-10V
Power Factor	>0.95
Input Voltage Range V	90-305V AC, 50/60Hz
Housing Colour	Bronze
Materials	High quality die-casting Aluminium & High transmittance tempered glass
Classification	Class I
Driver	Moons IP67 Driver
Weight	12kg
Dimensions	320mm D x 309mm H

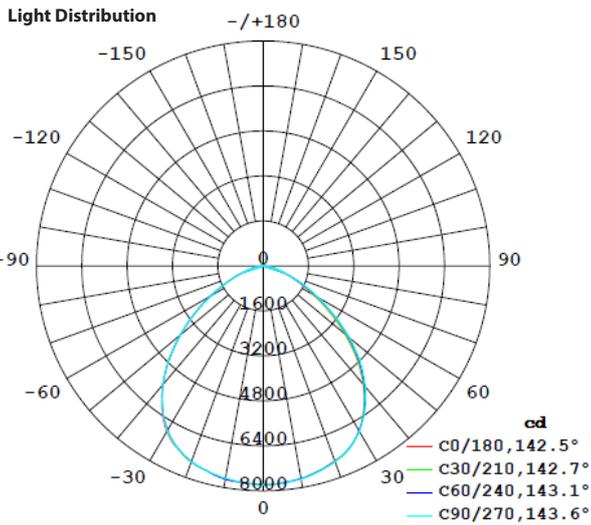

CAT NO.	COLOUR TEMPERATURE	BEAM ANGLE	OVERALL HEIGHT mm
LEDIFL19-180ACCW	5000K	120°	309
LEDIFL19-180ACNW	4000K	120°	309
